### Drawing breath clinical audit report 2021/22 – Erratum

Version 0.1: February 2023

---

#### UPDATE February 2023

Version 2 of the Drawing breath clinical audit report 2021/22 was published on 2 February 2023 (following an original publication date of 12 January 2023.) This version corrects two inaccuracies in the data for children and young people and an inaccuracy in the data for adult asthma. These corrections were all made on page 12.
